## **Forestry Service Providers Compensation Fund**

**Report of the Authority as of December 31, 2014**

---

### **General**

The Forestry Service Providers Compensation Fund (FSPCF) was created on March 30, 2012 by the *Forestry Service Providers Compensation Fund Regulation* (BC Reg. 64/2012) and was seeded with a contribution of \$5,000,000 provided by the provincial government. Its purpose is to provide relief to Contractors that provided Forestry Services and were not paid for those services because the recipient of the Forestry Services became Insolvent. Forestry Services are limited to those defined in BC Regulation 3/2013, Section 3, and must have been provided to a tenure holder under the *Forest Act*. Insolvency for the purposes of the FSPCF is defined in the FSPCF Administrative Agreement.

The FSPCF is administered by Eric van Soeren, the Authority appointed by the Minister of Forests, Lands and Natural Resource Operations under the *Forestry Service Providers Protection Act (FSPPA)*. Mr. van Soeren operates pursuant to an Administrative Agreement between the Authority and government. The Authority is not an agent of the government for the purposes of the *FSPPA* or the regulations under it. More detail on the FSPCF is available on the FSPCF website at [www.fspcf.com](http://www.fspcf.com).

### **Sources of Funds for the FSPCF**

In addition to the \$5,000,000 seed money provided by the government, the *FSPPA* contemplates other sources of funding. Part 2 of the *FSPPA* refers to “contributors” who will be identified by regulation and who will make contributions to the fund in accordance with the regulations. Additionally, the provincial cabinet may, by regulation, impose a levy on stumpage bearing timber that must be paid into the FSPCF. Finally, any amounts recoverable from an Insolvent Licensee relating to a financial loss for which a Forestry Service Provider has applied and received monies from the FSPCF, must be repaid to the FSPCF. This is to prevent double dipping. To date no additional contributors have been identified or stumpage levy created.

### **Activities of the FSPCF to date**

An Advisory Board has been established, a website has been created ([www.fspcf.com](http://www.fspcf.com)), a claim form template has been developed, and templates for the assorted documents that will need to be generated to allow claims to be made and processed are ready to go. What has been developed to date is consistent with the *FSPPA* and the Administrative Agreement. No meetings of the Advisory Board have been held yet, because no situations that required decisions or recommendations with respect to policy have arisen.

During the fourth quarter of 2014 the FSPCF received applications from two contractors that were not paid by a licensee. Contractor liens were placed under the Forestry Service Providers Protection Act. Collection action was commenced by the contractor's legal counsel, and some recovery was achieved. Much of the recovery seems to have gone to paying outstanding stumpage, but there was also some recovery for the contractors. The file is in the process of review, but early indications are that there will be a draw on the Compensation Fund.

No other applications were received during the fourth quarter of 2014.

### **FSPCF Account Balances as of December 31, 2014**

### **Looking ahead**

During the first quarter of 2015, the following activity is expected in the FSPCF:

- The Authority will complete its review of the current claims and likely make further compensation payments.
- The Authority will continue to monitor licensee insolvencies in the Province and work proactively with Forestry Service Providers to determine whether or not they may be eligible for FSPCF assistance.
- The Authority will continue to work with the province and the forest industry to develop a mechanism to build the FSPCF to a level where it will be able to react to a significant insolvency should one occur.
